Hamish Haswell-Smith SSAA Founder

The SSAA Spring Exhibition Preview marked 30 years of artistic development for our Scotland wide group of Architect-Artists. We were honoured to welcome Hamish Haswell-Smith founder of SSAA, who wittily reminded us of his 1987 negotiations with 'Ligne et Couleur' in Paris, and Dr Paul Miller, Honorary Czech Consulate for Scotland, who commissions artworks to accompany his tales of Scotland published in Prague as "Skotsco po Cesku" in translation "...Check out Scotland"

The delicious 'Vernissage' supper gave a pleasant opportunity for artists and guests to socialise in the Peplow Dining Room.
