

Members' Newsletter

GLASGOW:

Thank you to all who visited our excellent SSAA spring 2017 exhibition in the RGI Kelly Gallery in Glasgow, and indeed to those who attended our AGM at the venue. Minutes for this meeting are attached to this Newsletter.

PARIS:

A group of members have also now responded to the invitation and have arranged their submissions of works for consideration at the "Ligne et Couleur" Exhibition in Mairie du 6th Arrondissement, Paris, to be held 21-30 October.

ST. ANDREWS:

Our next SSAA members' exhibition will be held in St Andrews during September 2017. Long established as stationers, art material suppliers, and bookshop J&G Innes Ltd. now also offer an art gallery "upstairs" within their distinctive St Andrews Citizen Office.

The prestigious corner site in South St was transformed into an outstanding example of Arts & Crafts architecture around 1928 to a design by architect, Frank Pride (Walker & Pride). Pre-registration forms for this show will be issued next month and it is hoped that members will take advantage of the summer and perhaps even create some Fife based art works for this exciting event.

SSAA WEB SITE: update

As discussed at the AGM (and noted elsewhere) we aim to upgrade our web site and plan to include facilities to promote and sell works by members on line.
